

Rosebank is welcoming new residents

Keeping you up-to-date...

Regular deep cleaning and infection control processes

Generous supplies of certified and approved PPE

Whole home testing programme

OPEN TO NEW ADMISSIONS

Rosebank is open and taking new residents. We have clear policies and procedures in place to do this safely, and most importantly, a highly competent, well trained, and well-supported care team.

Our fabulous staff are doing an excellent job every day, keeping residents engaged, ensuring they do the things they love, and introducing more innovative ways to keep residents connected with their family members.

We are working closely with our local health partners, and continue to support families who are looking for care for a loved one. Rosebank is open and taking new residents, and we have specific procedures in place to enable us to do this.

We would like to say a huge thank you to our lovely community, and our residents' families, for all the fabulous gifts, and letters of support, which are very much appreciated. Everything is good in the home, and our residents are well and happy.

In the meantime, please head over to our Facebook page to keep abreast of daily life in Rosebank.

We send our love and best wishes to you all.

Socially distanced family visits and increased use of technology to stay connected

Working closely with health partners to ensure the safety and wellbeing of all staff and residents

Residents are free to mix in socially distanced groups

A varied and fulfilling daily wellbeing programme making best use of technology and social interaction

A home that has been supported by and remains a valued part of the community

Continual ongoing development and training to ensure care workers are confident and secure in their roles
