High Street, Bampton, Oxfordshire OX18 2JR

Our boutique luxury home delivering individual care for our residents

Rides in a sidecar!

We had the absolute pleasure of welcoming Kenneth and his wife, who visited us with their beautiful 1934 Sunbeam motorcycle with sidecar. Everyone was fascinated by the vintage bike - we asked questions, shared stories & admired its classic charm. The absolute highlight was watching Kath, Joyce & our manager, Vanessa, take turns in the sidecar for a joyful ride around the village, all came back beaming with laughter and smiles!

Visit to Aston & Cote Primary School

We were invited along to Aston & Cote Primary School, where we enjoyed colouring in homemade fans as well as watching the children sing and do a ribbon dance. We were even treated to a cup of tea and cake, that the children made for us! We finished off our visit with a tour of their new vegetable garden and even got given some tasty treats to take home for our parrot Lola.

Wishing Tree

We've had something truly special happening behind the scenes.... a group of incredible students from Cokethorpe School have brought a creative & heartfelt idea to life.

They've transformed a once plain, white wall in our sensory lounge into a stunning Wishing Tree Mural with Forget-Me-Nots at the base ready for us to hang wooden leaves from its branches. Each leaf will offer a special opportunity for residents can write their wishes & with a little help, we'll do our very best to make those wishes come true!
